

What is visible to GPs in *The Viewer*?

GP access to *The Viewer* project

Queensland General Practitioners (GPs) will have access to patient information through Queensland Health's read-only application *The Viewer* by mid-2017.

Queensland GPs will only be able to view **patient health information collected by Queensland Health**.

Queensland Health access vs. GP access

		QH view	GP view
Patient details	Demographics including contact information e.g. personal and regular GP	✓	✓
	A problem list outlining emergency, inpatient and mental health diagnoses	✓	✓
