How to create a short cut to the ieMR resource page on your iOS device

Did you know you can access the ieMR resources from your mobile device without being connected to the network? Follow the steps below to set up a shortcut which will appear on your device screen as an icon and enable you to access the ieMR resources when you're on the go.

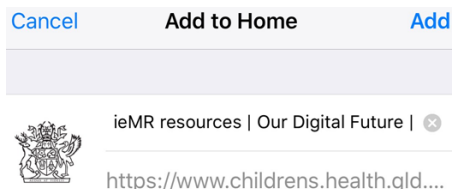

1. Open Safari and visit the [Our Digital Future ieMR resources](http://www.childrens.health.qld.gov.au/odf-how-to) web page on your device: www.childrens.health.qld.gov.au/odf-how-to
2. Use the functionality icons at the bottom of your screen to enable the pop up menu.

3. Select the [Add to Home screen](#) icon to add the icon to the home screen on your device.

4. Select [Add](#).

5. An icon will be added to your home screen so you can quickly access the website.
6. Click on the icon to be taken directly to the [ieMR resources](#) web page.
