

## Patient tracking boards

Patient tracking boards are located outside the Surgical Admissions Lounge (SAL) on level four and in the cafeteria on level two. These boards will enable you to track your child's progress while having surgery today.

Their progress will be updated regularly on the boards so you can remain informed at each stage of their care.

To protect the privacy of your child, you will be given a reference number which will be displayed on the patient tracking board. The reference number is written on this flyer.

Look for your child's reference number on the patient tracking board and this will tell you which stage of surgery your child is in.

Staff will call you when it is safe to come into the Post Anaesthetic Care Unit (recovery) to be with your child.

**Reference number:** LCMOT-2019-

In Preop	Patient awaiting theatre
In Theatre	Patient in theatre
Pt ready in PACU	Patient ready in recovery
Discharged from PACU	Patient discharged from recovery

Please speak to a member of our staff if you have any questions.
