## COVID-19 Clinical Screening Assessment

### Quick reference guide

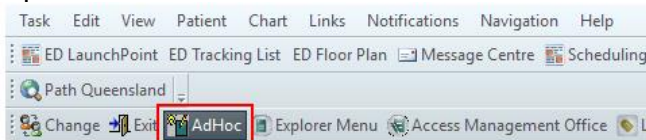

**Note:** A COVID-19 Clinical Screening Assessment form has been added to ieMR.

This form has been developed to allow for digital screening of patients as per Queensland Health guidelines.

### Completing the PowerForm

1. Log in to ieMR
2. Open the Patient Chart by:
  - a) **Scheduling View** (patients booked via ESM)
  - b) Patient List/Care Compass
  - c) Searching for patients using the manual search

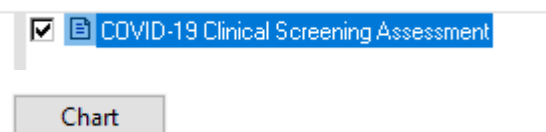

3. Open the **AdHoc** folder from the toolbar:

4. Locate the **COVID-19 Clinical Screening Assessment** form the relevant folder:

- a) Assessments (Community Roles)
- b) Doctor Forms (Medical Officers, Nurse Practitioners)
- c) Emergency (FirstNet roles)
- d) Nursing (Registered Nurse) Pre Admission Clinic (SurgiNet roles)
- e) All Items > Assessments (All Roles)

5. Tick the box and Click Chart in the bottom right corner.

**Note:** Any response can have a comment written against it by right clicking on the result
