MAR Summary

Quick reference guide

The MAR Summary provides an overview of the patient's medication administration. This is a view only page.

1. Click **MAR Summary** in the **Patient Chart Menu**.

2. The MAR Summary displays yesterday, today and tomorrow.
3. Click the arrows to the left or right of the date range bar to extend the range displayed.

4. The MAR Summary is organised by colour coded sections based on medication type: Scheduled, Unscheduled, PRN medications and Continuous Infusions.
