Setting up Provider Preferences (Encounter Creation)

Quick reference guide

1. Ensure the **Add Encounter** window is open for the encounter creation.

Required fields for completion will be highlighted in yellow

2. Click on the magnifying glass next to **Attending Clinician**.
3. A **Provider Selection** screen will appear.

4. Select **Limit by organization** Limit by organization
5. Select filter icon Limit by organization  No data filtering
6. Place tick in box to select Lady Cilento Children's Hospital

7. Select OK

Only providers for your facility will now appear.
