Warfarin – document INR and parent phone call

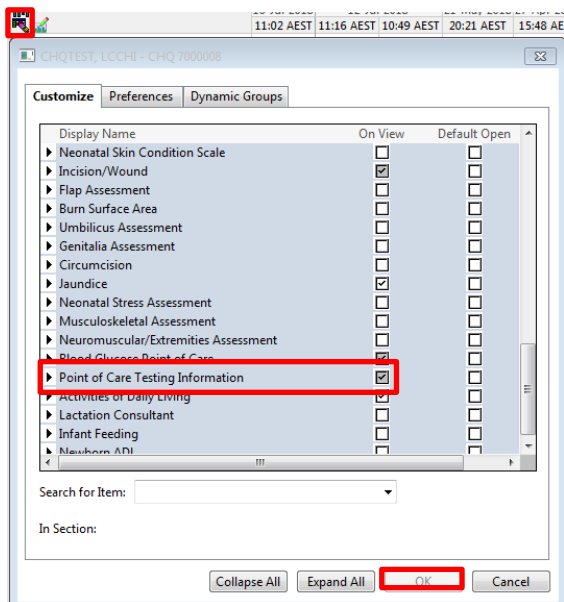

Care Delivery

Quick reference guide

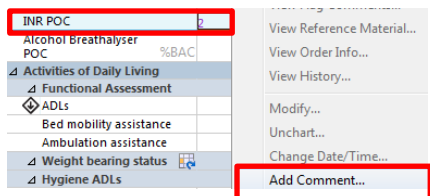

Note: Paediatric Systems Assessment is cross encounter.

Document INR

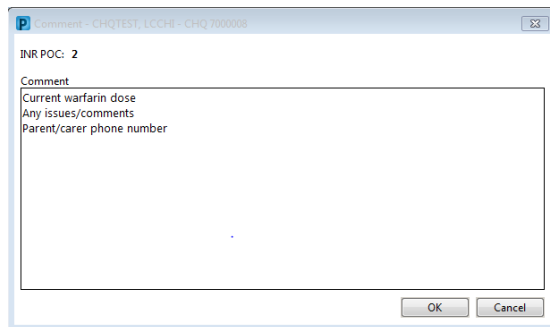

1. Navigate to *Interactive View* → *Paediatric Systems Assessment*
2. Customise the view to bring in *Point of Care Testing Information* and select *OK*

3. Document the INR in the *INR POC* data field and right click to *Add Comment*

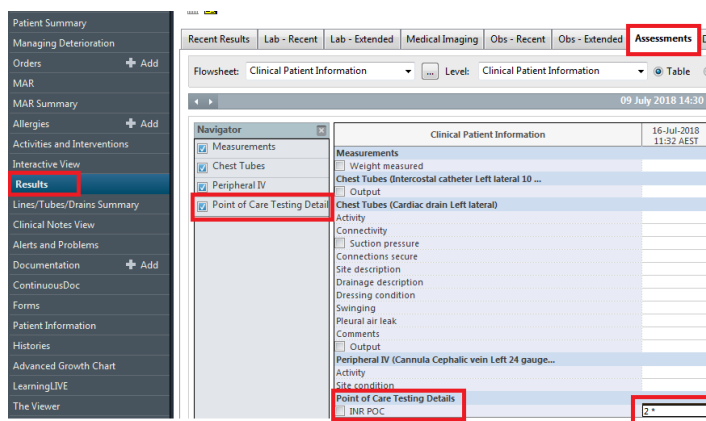

4. In the *Comment* field document:
 - a. The patient's current warfarin dose
 - b. Any issues and/or comments
 - c. Parent/carer best contact phone number

5. Select *OK* on the comment window and green tick ✓ to verify the data

Note: These results can be easily viewed in the *Results* tab

6. Right click on the result to *View Comments*
